**Automatic Carton Sealing Tape Machines**  
Many types and configurations available.

**A Polypropylene Tape**

Utility grade, premium grade and high adhesion grade available in clear or tan for any type of industrial and freezer application. Widths available: 36mm, 48mm, 72mm & 96mm. Lengths available: 66m, 100m, 132m, 914m, 1371m & 1828m.

**B Tape Guns**

Dispenses 2" and 3" tape. Durable, adjustable "brake system".

**C Duct Tape**

General-purpose and premium grades available for virtually any application. Ideal for sealing, holding, repair and general maintenance where adhesive power is needed. 48mm width by 55m length -available in standard silver or a multitude of colours.

**D Masking Tape**

Utility grade, general-purpose grade and premium grade available for any type of industrial application. Widths available: 12mm, 18mm, 24mm, 36mm and 48mm - all by a 55m length.

**E Filament Tape**

Utility grade, general-purpose grade and premium grade available for any type of industrial application. Widths available: 9mm, 12mm, 18mm, 24mm, 36mm and 48mm - all by a 55m length.

**F Painters Tape**

Non-aggressive adhesive for light adhesion applications. Widths available: 12mm, 18mm, 24mm, 36mm and 48mm -all by a 55m length.

**G Anti Slip Grit Tape**

For that extra traction needed to ensure a safe workplace. Widths available: 1", 2", 3", 4", 6", 12", 24" and 36"-all by a 60' length.

**H Printed Tape**

Communicate special handling or special instructions at a glance. Standard messages and custom messages printed on polypropylene or PVC film.

**BP 333 Plus** - The Better Pack® 333 Plus Manual Dispenser is rugged, reliable and it is the world's #1 selling manual water-activated tape dispenser. This easy-to-operate dispenser is perfect for light to medium volume packing and is mechanically superior to all other machines in its class.

The **Better Pack 500 Ink Jet System** offers rugged and reliable performance of an easy-to-operate tape dispenser with the added power of an integrated ink jet printer. It gives you the ability to print directly on the tape as it is dispensed and the option to change the printed message as needed without changing ink pads.

**BP 555e** - The Better Pack® 555e Series electronic tape dispenser is the only electronic water-activated tape dispenser in the industry that is UL Approved and Listed. We are so confident of its performance we've backed it with the best warranty in our industry.

**Printed "pilfer proof" in natural and white**

Can be printed for product identity, coding and advertising, for inventory control and protection from pilferage and tampering.

**Kraft Gummed Carton Sealing Tape**

- 35lb plain and printed in natural & white
- 60lb plain and printed in natural & white
- 90lb plain in natural

**Reinforced 3 Way N/A Gummed Carton Sealing Tape**

- Light Duty, Medium Duty, Heavy Duty plain and printed in Natural and White
- Short and long rolls

# Protective Packaging

## Bubble Wrap

High puncture resistance - ideal for cushioning, surface protection and void fill.

- Available in 48", 60" and 72" widths with 3/16", 5/16" or 1/2" bubbles - regular or anti-static poly.
- Rolls can be slit and perforated to any size for your special requirements.

## Foam Rolls

Flexible air foam cushioning - ideal for surface protection and as an impact barrier.

- Available in 48", 60" and 72" widths with 1/32, 1/16, 3/32, 1/8, 3/16" or 1/4" thickness - regular or anti-static.
- Rolls can be slit and perforated to any size for your special requirements.

A

## A Bubble Pouch

Bubble can be converted into protective pouches for low cost, fast and easy production.

- Available in sizes from 4"x 5.5" to 18"x 23.5".

B

## B Handi-Pak Bubble Cushioning

For those applications where a full size roll of bubble isn't required.

- Available in 12" and 24" widths in regular or anti-static.

C

## C Adhesive Bubble/Adhesive Foam

Bubble or foam will stick to the product but will remove easily without leaving a residue.

- Available in 48" widths and can be slit and perforated.

D

## D Cohesive Bubble/Cohesive Foam

Bubble or foam will stick to itself but not to the product and will not leave a residue.

- Available in 48" widths and can be slit and perforated.

**Single-face Corrugated**

Works well as an outer wrap or as an interleave.

- Widths available: 2" up to 78" in 250' lengths.

**Kraft Paper**

Use for wrapping, protecting and for void fill.

- Choose 30lb, 40lb, 50lb or 60lb basis weight.
- Widths available: 4" up to 72" and are available in rolls or sheets.

A

B

**A Edgeboard**

Protects boxes from damage and stabilizes your load.

- Many types and grades available - many widths and lengths available.

**B Kraft-Duplex & Glaskraft Paper**

Widths available: 36", 48" 60" and 72".

- custom slitting is available.

C

D

**C Newsprint**

Use for wrapping, protecting and for void fill.

- Widths available: 4" up to 72" in roll form and 18"x 24" or 24" x 36" sheets.

**D VCI Paper & Poly**

Vapour corrosive inhibitor - for your corrosion problems.

- Several kinds of VCI Impregnated Papers and Poly for your specific packaging applications.

# Protective Packaging

## More Speed, Less Materials – Designed To Save You Time & Money

- Economical multi-layer void-fill using one-ply paper
- Very fast, with variable-speed output of 220 - 728 fpm
- Automatically dispenses layered paper into the carton — virtually eliminates manual folding and crumpling

Two models available:

- Manual tear-off allows operator to quickly tear lengths as needed
- Automatic cutter trims paper when the foot pedal is released
- Table-top or floor stand options
- Specially designed dispensing carton
- Easy set up, neat, clean, recyclable

**Flashpac™ Foam-In-Bag Instant Packaging** is a protective packaging solution that can be taken and used anywhere at any time. And because there aren't any equipment systems or warmer units required to use the Flashpac™ bags, you can save on hidden maintenance costs, downtime and frustration. Simple and easy to use at room temperature.

**PAPERplus® Family** includes the Classic line of machines that create ultra-strong paper cushioning mattresses, the PAPERplus GE our Greater Efficiency model that provides superior cushioning protection using less paper, and the PAPERplus Shooter for high-speed paper filler.

## Bulk Void Fill

- Regular Foam Chips
  - Corn Starch Chips
  - Anti Static Chips
- All providing a low cost, protective packaging void fill alternative for those not so delicate requirements.

**Air Pillow Machine**

The AirSpace G4 machine delivers flexibility and performance. The lightweight G4 machine, has the speed to keep up with the most demanding packing environments. The G4 produces pillows in various sizes and film thicknesses to provide the versatility needed in today's marketplace.

- Pillow Widths: 8", 10" and 12"
- Pillow Lengths: From 3" to 12"

**Air Pillow Machine**

AIRplus® air pillows conform to the weight and shape of an object, supporting and cushioning against vibration and shock, making them highly effective in a wide variety of applications.

- Pillow Widths: 8", 10" and 12"
- Pillow Lengths: From 4" to 12"

A

**A & B Blocking & Bracing**

Provides a variety of packaging solutions that protects products that are larger and heavier from damage caused by movement during shipment. Heavy industry such as automotive and aerospace use engineered foams for blocking and bracing.

**Features**

- Close Cell
- Resilient
- Shock Absorbing
- Excellent vibration dampening
- Insulating
- Dimensional stability
- Barrier, buoyancy component
- Made with recycled contents, is recyclable and CFC, HCFC free
- Design living hinge
- Enhance the strength of a lower density foam
- Reduce bulk
- Reduce shipping cost
- Less storage space required

B

# Pallet Wrap

## Machine Wrap

Premium performance with exceptional strength and toughness for any load type.

- 50 gauge up to 120 gauge - 20", 30" and 60" widths.
- Cast or blown film - one sided and two sided cling - available in clear, black and UV blue.

## Handwrap

Premium performance with excellent load holding capabilities, superior strength and toughness.

- 45 gauge up to 120 gauge - 12.8" up to 20" widths.
- Cast or blown film - available in clear and black.

A

## A Banding Wrap

- 80 gauge - 3" and 5" widths.
- blown film - available in clear.

## B Automatic Pallet Wrap Machines

Many sizes and speeds of machines available for your specifications. Please call for more information.

B

### JetPak Peel n' Seal Padded Mailers

For quick closing and easy opening. These padded mailers offer protection and a convenient end flap with self sealing adhesive that closes securely and eliminates the need for additional tapes or staples. Custom printing available to meet your branding requirements.

**Enviro Friendly**

### JetCorT Corrugated Rigid Mailer

Rigid single face corrugated mailers with superior edge and corner protection. These mailers are ideal for shipping photographs, documents, tapes, CD's, and DVD's where stiffness is a must for edge and corner protection. The self-adhesive end flap closes easily and quickly to create a reliable seal.

**A**

**B**

### A Fastpak Courier Envelopes

Lightweight polyethylene mailer for protection of non-fragile items from moisture and dirt. High tear and puncture resistant can be custom printed to meet your requirements.

- Available in several sizes - 6" x 9" to 24" x 24".

### B Ecolite Bubble Mailers

Bubble wrap envelopes are a convenient and cost effective way to mail small parts, books etc. with self-seal flap for anti-theft protection.

- Available in several sizes - 4" x 8" to 14.25" x 20".

**C**

### C Regular & Custom Xpak Mailers

Bubble cushioned mailer with an extremely strong poly exterior for high tear and puncture resistance. Mailers can be laminated to foil or custom printed to meet your requirements.

- Available in several sizes - 4" x 8" to 14.25" x 20".

# Strapping/Buckles/Tools

**Strapping Cart**  
Heavy-duty, portable strapping cart for plastic or steel strapping made from the highest quality heat-treated steel. Basket stores tools, seals etc.

## Steel Strapping

Strapping is available in a wide range of sizes, gauges & finishes to accommodate your strapping requirements. Standard duty and Heavy-duty strengths available.

A

### A Steel Strapping Seals

Open seals, semi-closed, closed and push-type seals available in 3/8", 1/2", 5/8", 3/4" and 1 1/4" sizes.

B

### B Steel/Plastic Tensioners

Several regular-duty and heavy-duty steel strapping and plastic strapping tensioners available for various strapping widths.

C

### C Steel/Plastic Sealers

Several regular duty and heavy-duty steel strapping and plastic strapping sealers available for various strapping widths.

D

### D Pneumatic Nailing Gun

Fires up to 2" nails.

E

### E Plier Stapler

Comes with blunt or pointed anvil.

F

### F Hammer Tacker

Up to 9/16" leg.

**Semi Automatic Strapping Machine**

- Energy saving adjustable timer switch.
- Durable easy-to-clean stainless steel top.
- Fast heating of sealing device.
- Straps packages of virtually any size and shape.
- Automatically feeds, tensions and heat seals strap.
- Tension control permits strap tension adjustment for delicate or solid products.
- Can be used with a full range of polypropylene strapping from 6mm (1/4") to 15mm (5/8").

**Plastic Strapping**

Polyester and Polypropylene available in 3/8", 1/2", 5/8" and 3/4" widths with various core sizes and colours.

A

B

**A Automatic Strapping Machine**

- High Speed
- Self Threading
- Retract & Refeed Strap manually
- Efficient Design Control
- Available strap widths: 5, 6, 7, 9, 12 and 15mm

**B Plastic Strapping Seals & Buckles**

Open seals and closed seals available in several sizes.  
• Buckles are available in a wire or plastic format.

**C Combo Tool**

An ideal tool for a wide variety of applications in practically all industries. This sealless tool can handle both regular duty and high tensile steel strapping applications and eliminates the need for separate tools and seals providing a cost effective solution for your strapping application.

**D Battery Operated Combo Tool**

- Improved tool performance and increased number of strap cycles per battery charge
- 14.4 volt battery for increased tensioning power
- Extended working range
- Easy strap threading
- Adjustable sealing time for high sealing efficiency
- Suitable for polypropylene and polyester, plain and embossed strapping
- Individual tension adjustment, avoiding excessive or insufficient strap tension
- New improved design for better baseplate protection

D

# VCI Paper and Poly

A

B

C

D

E

F

G

All ARMOR WRAP® VCI Papers are environmentally safe, fully recyclable and repulpable, biodegradable and non-toxic. ARMOR Protective Packaging® uses only the highest quality virgin neutral pH kraft paper available. ARMOR WRAP® papers are approved on the QPL for Military specification MIL-PRF-3420, an approval that dates back to 1983. Don't be misled by competitor's use of the word "conforms". ARMOR WRAP® is APPROVED by the United States Military.

These products are specifically developed for optimum performance for each particular metal. Whether it's the 1 gram/sq. ft. automotive standard paper or the 2 gram/sq. ft. long-term performance product. While some VCI papers in the marketplace are only coated on one side of the paper, ARMOR WRAP® VCI Papers are impregnated on both sides. This avoids confusion on the plant floor as to what side to place against the part as well as offering true-interleaving capability of the paper within a pallet of parts. The result: less paper, less waste; a COST SAVINGS for you and your customer.

ARMOR POLY® VCI films come in a variety of forms to suit various packaging needs. The broad line of high performance ARMOR POLY® VCI includes bags, sheets, rolls, tubes, auto bags, elastic bonnets, gusseted liners and shrink film, in addition to other custom VCI Poly products. Films are transparent and heat sealable and provide the combined benefit of barrier and anti-corrosion protection in a simple to use form.

ARMOR POLY® VCI films are made from high-tech resins, utilizing cutting edge extrusion technology. All of our products are recyclable and non-toxic. ARMOR POLY® ranges from 1-8 mils in thickness and is manufactured to your size specifications, up to 20 feet wide. With proper usage of ARMOR POLY® VCI, metal parts can remain corrosion-free for years of storage.

# Boxes/Mailing Tubes

## Stock Boxes

Over 80 standard sizes available from 4 x 4 x 4 through to 30 x 22 x 32.

A

B

C

E

D

## A Custom Boxes

Any size and shape box available to meet your requirements.

## B Custom Print Boxes

Communicate special handling or special instructions at a glance. Standard messages and custom messages with printing up to 4 colours.

## C Special Diecut Boxes

Any size and shape box available to meet your requirements.

## D Custom Printed Tubes

Make your company stand out with custom printed tubes. Standard messages and custom messages with printing up to 4 colours.

## E Standard Tubes

Several standard sizes available from 1/2" diameter to 4" diameter.

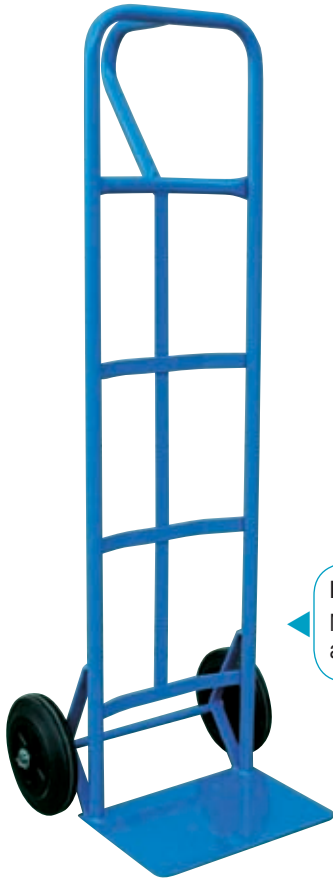

## F Custom Tubes

Any diameter, thickness and length of tubes available to meet your requirements.

F

# Material Handling

**Hand Trucks**  
Many styles, sizes and capacities are available.

**Platform Trucks**

- Reinforced steel with removable handles
- Platforms come in several sizes and weight capacities

**Aluminum Step Ladders**  
Many sizes of step ladders are available.

**Stockpickers**  
Available with:

- 3, 4 or 5 step ladder
- Multiple Shelving
- Various shelving sizes

**Mobile Ladder Stands**

- No handrails
- 15" platform depth
- 24" wide by 7.5" depth
- 26" overall width
- Non-slip perforated step material

**Work Platforms**

- 72" high back with 2" x 2" welded wire mesh
- Lockable swing gate
- Fork pockets with safety chain
- Painted blue enamel
- 36" wide x 36" deep
- 800 lbs. capacity
- Weight 150 lbs

**Mobile Ladder Stands**

- 42" high handrails
- 15" platform depth
- 24" wide by 7.5" depth
- 33" overall width
- Non-slip perforated step material
- Rubber swivel casters
- Positive floor locking trip step mechanism

**Pallet Trucks**

Many sizes, styles and capacities are available.

### Spray Booth Filters

Every filter and accessory your spray booth needs is found right here. With spray booth filters there are always trade-offs between capacity, efficiency, change out frequency, price and other factors. These will meet your needs.

### Stock Labels

A large number of various sizes, colours and types of stock print labels to fill your needs.

A

B

C

D

E

F

### A Stock Packing List Envelopes

- Insert documents; peel off backing and stick self-adhesive envelope to your parcels.
- Many sizes and types available.

### B Custom Packing List Envelopes

- Special sizes, comments and custom printing to meet your requirements.

### C Utility Knives/Blades

- Several economical and heavy-duty knives and blades available as well as many other warehouse tools.

### D Cable Ties

- 4" to 34" nylon cable ties, standard and heavy duty, ideal for bundling, tagging, sealing, securing and pairing items.

### E Twine

- Numerous sizes and types of tying twine packaged in self-dispensing cartons.

### F Custom Styrofoam

- Light economical styrofoam for customized protection. Virtually any size, shape and configuration can be customized.

A

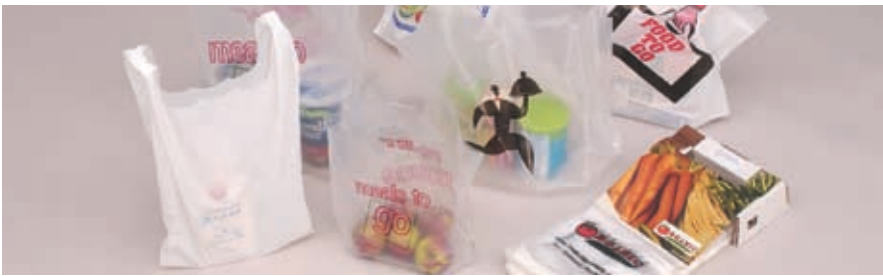

B

C

D

E

## A Hardware Bags

Plain, clear poly bags ranging in size from 6" x 8" 2.0 mil to 13" x 15" 3.0 mil.

## B Recloseable Bags

Plain, white patch and antistatic clear poly bags ranging in size from 1 3/4" x 2" 2.0 mil to 15" x 20" 2.0 mil and 2 1/2" x 3" to 12" x 15" 4.0 mil.

## C LB Bags

Plain, clear poly bags - some with side gusset ranging in size from 2oz (2 1/2" x 6") to 75lb (22" x 36"). All products produced with F.D.A.

## D Static Shielding Bags

A strong, puncture and tear resistant material with a static dissipative inner layer for an excellent shield against static charge. Sizes range from 4" x 4" to 18" x 24".

## E Poly Shopping Bags

Pull-Bags, Stand-Up Bags, Die Cut Merchandisers, Draw Tape Bags, Retail Combos and Pull-T Sacks in several sizes are available. Custom printing can also be an option.

### Poly Tubing/Poly Sheeting

Clear poly tubing available from 4" 4.0 mil to 22" 3.0 mil. Clear or black poly sheeting available in sizes ranging from 36" x 500' to 240" x 100' in light, medium and heavy duty strengths.

**ALPHAPOLYBAG™**  
CORPORATION

# Health and Safety

18

**A Latex Glove**  
Available in powdered and powder free styles - secure fit.

**B Vinyl Glove**  
Available in powder and powder free styles - seamless.

**C Yellow Flock Lined Glove**  
Natural latex for a variety of uses - cleaning, protection.

**D Nitrile Glove**  
Best disposable glove for chemical resistance.

**E Green Nitrile Glove**  
Heavy weight neoprene for added chemical protection.

**F Cotton Knit Wrist Glove**  
Cotton glove for parts handling and general maintenance.

**G Inspector's Glove**  
For that extra traction needed to ensure a safe workplace.  
Widths available:  
1", 2", 3", 4", 6", 12", 24" and 36"-all by a 60' length.

**H PVC Dot Glove**  
String Knit glove with PVC dots for better grip.

**I Leather Palm Glove**  
General-purpose leather palm, canvas back work glove.

**J Reinforced Leather Palm Glove**  
Leather palm with double reinforced palm, thumb and index finger.

**Ear Plugs**  
Corded or un-corded disposable ear plugs designed to effectively reduce noise .

**First Aid Supplies**  
All your needs for a first class safety program - from bandages to stretchers.

**Dust Masks**  
Several disposable and non-disposable styles and qualities of masks available.

**Safety Goggles/Glasses**  
Glasses, goggles and face shields available in several quality levels and styles.

**Emergency Eye Wash Station**  
Permanent mount to plumbing.

**Emergency Eye Wash Station**  
Portable, rugged construction.

A

B

**A Spill Kits**

Several variations of emergency spill kits are available containing different components.

**B NORTH Safety Hard Hats**

Get dependable protection in a versatile design. Choose from easy-to-adjust pinlock suspension or ratchet suspension for firmer headband adjustment and a more comfortable fit. Available in several colours.

C

D

**C Safety Harness**

A full range of safety harness, lanyards, connectors and fall protection devices are available.

**D Protective Clothing**

Full coverage including hoods, jacket or pants. Various materials for various needs.

**E Safety Vests**

Safety vests with fluorescent markings.

E

# Oil Absorbent/Socks/Sweeping Compound/Salt

**Ice Melt Pellets**  
Calcium Chloride pellets for quick and clean ice melting.

**Oil Absorbent**  
Industrial safety absorbent for oil, grease and water spills - 50kg bag.

**Rock Salt**  
Economical de-icer.

**Sweeping Compound**  
Controls dust while sweeping - 50lb box and 300lb drum.

**Absorbent Tubes**  
Where spills need to be contained.

**Roof Leak Diverter**  
This large, vinyl-coated fabric catches roof leaks and channels them to standard hose hook-up. Hose can then be directed to proper drainage point. Lightweight flame retardant material. Heavy-duty D-rings securely attached in each corner make installation quick and easy.  
From 2.5' x 2.5' to 15' x 15'

**Drum Work Stations**  
Many configurations to handle your production needs.

**Spill Pallets**  
From 2 to 8 drum pallets to contain any potential spills.

### Buckets & Wringers

All products are manufactured from high density polymer that are injection molded for incredible strength. Signs are available with different messages.

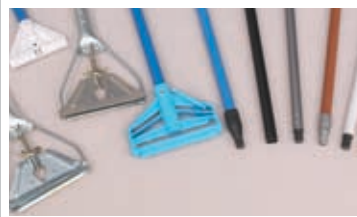

### Push Brooms

Fine, Medium and Coarse fibers available - including synthetic, horsehair, tampico, pvc and poly-pro.

- Sizes are 14", 18", 24", and 36"

A

B

C

D

E

F

G

H

### A Corn Brooms

All Industrial corn brooms are bound with polyester stitching and a heavy duty galvanized wire band to provide added durability and longer life.

### B Handles

Plastic, aluminum, wooden, threaded or tapered handles are available for every requirement.

### C Wet Mops

Synthetic/rayon blend or Cotton blend are available.

- Sizes are 12oz, 16oz, 20oz, 24oz, 28oz and 32oz.

### D Brushes

Many types and sizes of brushes available - toilet bowl brush, utility pot brush, banister brush, wire brush, vehicle brush and scrub brush.

### E Dry Dust Mops

Cotton and Hi-Stat yarns are available in two styles, "tie on" or "breakaway" in lengths from 12" to 72" for either 3-1/2" or 5" frame widths.

### F Sponge Mops & Refils

Floor sponge mops are designed to squeeze tightly, rinse easily and snap back to working position.

### G Squeegees

- Floor Squeegees range in size from 18" to 36".
- Window Squeegees range in size.

### H Dust Pans

Regular and Lobby style dust pans are available in both plastic and metal. Both are made of heavy construction for longer life.

# Garbage Bags/Containers

## Garbage Bags

W.Ralston offers 6 very high quality levels of bags:

- 2400 Series
- Food Grade, 2500 Series
- Premium Grade, 2600 Series
- Value Plus, 2700 Series
- Recycled, 2800 Series
- High Density and 2900 Series

Clear & Colours.

Each Series has it's own unique formulation providing the broad spectrum of qualities and economies to satisfy any market.

- Sizes range from 20"x 22" regular strength to 42"x 48" x-strong and are available in black or clear.

## Recycling Containers

Many sizes and configurations so you can do your part in recycling.

## Garbage Containers

Several sizes, shapes, strengths and colours of containers are available along with several sizes, shapes and colours of lids.
